

It has recently come to my attention that the FCC may allow LPFM to take priority over FM translator service. I am very concerned about this proposal. My family and I are supporters of a nationwide Christian radio station called K-LOVE. My radio is tuned in to K-LOVE 99% of the time, the other 1% only for local sports games:) K-LOVE is so important to our family. It is the only radio station that I feel confident listening to with my children. The content of the music and news reports are safe for my children's ears. I cannot make this claim about any other radio station in my area. It is also valuable to the community by listing local, free, community events. My family frequents the events we hear about on K-LOVE. This is a radio station that is full of positive and encouraging music and personal testimonies of triumph. K-LOVE is a very important part of my community. This is apparent through the numerous bumper stickers that are displayed on vehicles around town. I understand that LPFM may have some benefits, but they can't possibly outweigh the benefits of K-LOVE in my family and community. Please, keep K-LOVE on the air.
